Innovative Wound Care Solutions

Not your average Amniotic Membrane

WHY AGILE?

- Flexible terms. Let us know your needs and we'll work with you to accommodate various budgets and patient needs.
- Non-invasive inpatient or outpatient procedure.
- Accepted by most insurances, free patient insurance verifications.

Speak with an Agile Certified Wound Care Advisor today and increase your practice's efficiency and revenue.

Our portfolio of cellular and tissue based products delivers living tissue, stimulating the body's natural healing process by activating the body's inherent ability to repair and regenerate.
